

PathWays Chapel Scholars 2015-16

2015-2016 PathWays Chapel Scholars

Duke Chapel PathWays provides opportunities for students to hear and respond to God's call for their lives on campus, in Durham, and beyond, through study, artistic expression, counsel, service, and community. Among the many students who connect with PathWays each year, a select group displays a unique commitment to engage in the work of vocational discernment at a deeper level. These students are eager to take purposeful steps in determining how to connect their talents and passions with the world's deepest needs. We proudly call these students PathWays Chapel Scholars.

Chapel Scholars form the backbone of PathWays programming by participating widely in courses, discernment groups, gospel choir, mission trips, summer internships, and community service. Students are selected through an application and interview process that asks them to reflect on their journey of faith and sense of calling. Once accepted, scholars commit to meet frequently with Chapel staff, participate in the worship life of Duke Chapel, and reflect regularly on their Duke experience and understanding of vocation. They also become eligible to receive grants for mission and service trips. Through these opportunities, Duke Chapel PathWays is able to support an extraordinary group of scholars as they bridge faith and learning.

From the Director's Desk

Adam Hollowell, Director of Student Ministry

The name 'PathWays' suggests that discovering one's calling is a journey—a deepening walk with God. Our aim is to create opportunities for students to bridge faith and learning during their time at Duke and to imagine new possibilities for this journey of faith. Nowhere is this more evident than in our Chapel Scholars community. As you can see from the list below, Chapel Scholars represent a wide array of academic interests and areas of research, from Mechanical Engineering to Romance Studies. They are also pursuing careers as diverse as dance, ordained ministry, engineering, law, computer science, and social entrepreneurship. I'm proud to know that such remarkable diversity bursts forth from a group of students earnestly seeking to respond to God's call for their lives. God is truly doing unique and wonderful things through these students. We are especially pleased to be blessing and commissioning new PathWays Chapel Scholars. We honor and celebrate our entire group of 89 Scholars and trust that you'll join us in praying for their continued success at Duke, in Durham, and beyond.
